

## MHS Vocal Music Partnership

The Muscatine High School Vocal Music Program strives to enrich and educate high school students with varied, significant educational programs, competitions, and performances. The high school has also assisted community-based organizations by providing professional performances and support. Partnership contributions help the Muscatine High School Vocal Music Program achieve its four primary goals:

1. To ensure the quality and variety of performing opportunities.
2. To enlarge and enhance vocal music opportunities offered.
3. To acquire and maintain the necessary music, costumes, prop, and professional support staff to be competitive.
4. To provide scholarships to students desiring further vocal music educational opportunities.

Over the past five years, partnerships have provided over \$6,000 in summer camp scholarships. In 2005 we purchased video equipment for the department for \$1,500. In 2006 we purchased new chairs at a cost to us of \$3,500, and in 2007 purchased robes at a cost of \$10,000.
